

TURKEY HUNTING

AT RIVERVIEW PLANTATION

We are excited to offer a limited number of Wild Eastern Turkey Hunts this upcoming 2020 spring turkey season. Due to our extensive predator control program we have seen an explosion in our turkey population. This will be the first time ever Riverview Plantation has offered turkey hunts. Riverview has 10 miles of riverfront property and majestic river basin turkey habitat that will provide for beautiful scenery and exciting hunts.

NOTE

To sustain a high hunter success rate we will only be offering 32 hunt packages.

Although we anticipate high hunter success, it is not a guarantee. Remember you will be hunting wild Eastern turkeys. Our guides are skilled turkey hunters, and will have scouted prior to your arrival. They will work hard and do everything possible to provide hunters with an opportunity to bag a turkey. If a hunter shoots and wounds a turkey and it is not retrieved, the hunter can shoot another turkey for a fee of \$1,000. Guides will carry a shotgun also to shoot wounded or crippled turkeys at your request.

The definition of a successful hunt is a turkey called to a hunter, with a full fan, at a shooting distance within 45 yards. For hunters that want to call turkeys themselves, a guide is still required.
